TROOPS IN CONTROL.

Quiet Day at San Sebastian.

Largely Attended Bullfight Is Chief Incident of the Sabbath.

Clericals' One Demonstration Is Quickly Quieted by Police Platoon.

Trudging Peasants Easily Persuaded to Return to Homes.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN SEBASTIAN, Aug. 7.—The government's rigorous measures and the formal renunciation by the clerical junta of the threatened demonstration in this city insured comparative quiet today, and a largely attended bullfight was the chief incident of the day.

From daybreak, the streets were patrolled by cavalry, infantry and gendarmes, while heavy bodies of troops were held in readiness in the barracks of Miramir Palace. The gravest incident occurred last evening, when groups of clericals assembled shouting "Death to Spain! Long live the Pope!" Thousands of indignant people rushed toward the manifestants, and only the personal intervention of the Governor at the head of a platoon of police prevented an attack. Nearly 150 arrests were made.

AMUSING SCENES.

Many amusing scenes were witnessed. Priests leading trudging bands of peasants took to their heels when they found the city in the possession of troops. The peasants, all their courage gone, were disarmed and easily persuaded to return to their homes.

The local authorities are convinced that the clerical demonstration marked a Carlist plot. Clericals are extremely indignant at the government's repressive measures.

Señor Urgojo, the chief organizer of the movement, declared today that the policy of the government was opposed by the entire Spanish people.

"Even the Queen Mother is bitterly hostile to it," he added.

Some apprehension arose that the bullfight would cause trouble, as there were many thousands of manifestants in the crowd and a large number of them proceeded to the arena, but it passed off without untoward incident.

Official advice indicates all is quiet throughout the Basque provinces. All except a few of those arrested will be liberated tomorrow.

FEELING AT VATICAN SEEMS TO BE HOPEFUL.

(ASSOCIATED PRESS NIGHT REPORT.)

ROME, Aug. 7.—The feeling at the Vatican today is optimistic. Hope is entertained that an understanding with the Spanish government soon will be reached. It is pointed out by the Vatican that Premier Canalejas must be grateful to the Papacy for restraining its followers from disorders, which might have led to civil war.

The Vatican and Cardinal Merry Del Val, the papal secretary, personally instructed the bishops throughout Spain to prevent demonstrations and disorders.

Another reason for the conciliatory attitude of the Vatican is found in the fact that organizers of the proposed demonstration are for the most part laymen, and any movement might eventually take on a revolutionary and anti-dynastic character, which the Vatican is determined shall be absolutely exclusive from the present situation.

PREMIER CANALEJAS CLAIMS A TRIUMPH.

(ASSOCIATED PRESS NIGHT REPORT.)

MADRID, Aug. 7.—Premier Canalejas announces his intention to expose before Parliament the conspiracy against the government in the north of Spain. The general impression here is that the government has won a signal victory in preventing a demonstration at San Sebastian.

The Liberal and Republican newspapers urge the Premier to follow up his advantage vigorously. The University, a clerical organ, declares that the course of the government betrays fear.

NARRAGANSETT PIER, Aug. 7.—[Exclusive Dispatch.] Five reformers, one of whom was James H. Irvine, son of William M. Irvine, of New York, burst into the Narragansett Club here at 12:21 this morning and were conducting a highly successful raid among the roulette wheels, four of which were started men and women in evening clothes, when the police intervened. The leader of the raiders, Constable John G. Cross, and one of his party, George L. Cutting, of Worcester, were arrested.

In the confusion, the colored waiters of the club carried some of the evidence of gambling out of sight and the rest was hurried away in automobiles.

BOY IS SHOT FOR BURGLAR.

Walks in Sleep and Elder Brother Makes Terrible Mistake. Killed.

(BY DIRECT WIRE TO THE TIMES.)

ALBANY (Ga.) Aug. 7.—[Exclusive Dispatch.] Mistaken for a burglar while walking in his sleep about 3 o'clock this morning, Junius Lund, the 16-year-old son of a wealthy merchant of this place, was shot and killed by his elder brother, Ivey Lund. Junius Lund in a fit of somnambulism arose from his bed and was walking on the veranda of his father's home.

He was seen by a lady who lives next door to the Lunds. This lady thought young Lund was a burglar and began screaming. Her cries aroused Ivey Lund, who sprang from bed, seized his gun and taking his brother for a burglar shot him dead.

St. Louis Physician's Wife, Who Suffered Stroke, Announces That She Will Prove Theories That Sex and Age Do Not Count in Aquatic Sport That Demand Endurance.

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS, Aug. 7.—[Exclusive Dispatch.] A matronly replica of Hygeia herself, Mrs. Lena Brandenburger, of No. 4042 Botanical avenue, talked laughingly yesterday of the demonstration of the art of swimming, which she proposes to make in the latter part of August as a proof that a woman is not debilitated by sex from equalling the endurance of men in the water, and as a further object lesson that at 60 years one may be still young and athletic and an active participant in the more strenuous joys of life.

Mrs. Brandenburger proposes to take to the water somewhere near the Eads bridge on the Illinois side, and to swim down and across the Mississippi to a landing at the Altheim, on the Missouri shore in South St. Louis.

Six years ago she suffered a sunstroke and under the resultant inability to bear prostration and heart failure found that hot weather was unendurable.

Her physician, Dr. Louis A. Brandenburger, advised that she seek relief in daily plunges in the water. She had never learned to swim and soon mastered that art, and, remarkably, has not during the last six years missed a single morning in the big plunge at the natatorium, where she spends now from two to three hours on every week day, the time allotted to her sex.

PINS FAITH TO 'PLANE.

Latin American Physician Believes Its Use in Petulant Republic Would Avert Many Wars.

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS, Aug. 7.—[Exclusive Dispatch.] In the aeroplane Dr. J. J. Depressin, of Nicaragua and Venezuela, believes lies the cure for the predisposition to revolutions among the inhabitants of Central America.

Dr. Depressin, who is keenly interested in the commercial welfare of Nicaragua, has come to the United States to purchase an airplane and learn to use it. He then intends to introduce the airplane into Nicaragua, where a revolution is in progress, as an instrument of war.

Dr. Depressin, while in New York, looked over the Curtiss planes at the Hammondsport factory and came here to purchase one of four machines in the stock of aeronautic supply company here.

HOT WAVE IS GONE.

WASHINGTON, Aug. 7.—Indications that there will be no abnormal high temperatures throughout the country in coming week are found by the Weather Bureau. Generally fair weather is predicted for the plateau regions, and the Pacific States.

over the gambling instruments in the club room. Efforts to oust him, that the gambling machines might be taken away, failed. Finally Chief of Police Caswell got a warrant for the arrest of Cross on a charge of assault and arrested him.

Three roulette wheels were in operation when the raid was made. The four ladies were seized and arrested. The raiders noted the gambling going on and then Constable Cross announced himself. There was no fighting among the men. The raiders recognized several of the women.

Of the society folk, Constable Cross graciously permitted all of them to go after he had jotted their names down in a memorandum book. While most of them gave fictitious names,

RAWN'S FAMILY WILL FIGHT FOR INSURANCE.

Widow and Daughters Still Cling to Belief Railroad Magnate Was Murdered by Burglar, Notwithstanding Verdict of Coroner's Jury.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Aug. 7.—[Exclusive Dispatch.] Members of the Rawn family, disregarding the verdict of the Coroner's jury, which inferentially found that Ira G. Rawn, president of the Monon Railway, killed himself, either accidentally or with suicidal intent, have offered a reward of \$5000 for apprehension of his slayer. The family and many friends still cling to the belief that Mr. Rawn was surprised in his home.

There were many facts connected with the tragedy to support this claim. The family also, through its attorney, has filed with the accident insurance companies proof of death and claims for the \$125,000 insurance carried by Rawn.

Some of this insurance had been placed so long ago that the accrued benefits bring the total above \$135,000. In addition to this, he carried a considerable amount of straight life insurance, which has already been paid, or will be paid without protest.

The accident companies taking advantage of the Coroner's verdict, which said the jurors were inclined to the belief Mr. Rawn committed suicide, will contest the claims.

Meanwhile, the Illinois Central Railroad Company, whose attorneys charge Mr. Rawn with having been the head and front of the conspiracy by which that system was defrauded of \$1,000,000 in car repair charges, will sue for the Rawn estate.

There is no hurry, however, according to these attorneys, as the estate and front of the conspiracy by which that system was defrauded of \$1,000,000 in car repair charges, will sue for the Rawn estate.

It is generally believed that the insurance companies will compromise the claims with the family in preference to entering a long legal battle, which would not put the companies

ANGELENO SHOT WHILE HUNTING IN OREGON.

(BY DIRECT WIRE TO THE TIMES.)

ROSEBURG (Or.) Aug. 7.—[Exclusive Dispatch.] T. L. Sears of Los Angeles was fatally injured by the accidental discharge of a revolver in the hands of his brother-in-law, W. R. Young, of Grant's Pass, while hunting in an isolated section of Douglas county, about forty miles south of Roseburg, late Saturday. The injured man was brought here by train, but expired without regaining consciousness.

According to the story of eye-witnesses, Young and Sears had stopped to enjoy a rest after several hours' hunting, and having two revolvers in their possession, a discussion arose as to whose weapon was the best.

SECRET ACTION

Train Crews Fight On Demands.

Western Association of General Committees to Submit Proposal.

Eighty Thousand Conductors and Trainmen to Vote on the Matter.

Shorter Day and Mileage Basis for Western and Canadian Employees.

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS, Aug. 7.—[Exclusive Dispatch.] The eight-hour day freight conductors and trainmen and the mileage basis for passenger train crews are the two most important propositions which will be submitted to the order of Railway Conductors the Brotherhood of Railroad Trainmen in the next ten or fifteen days.

Crews will seek the equivalent of 20 per cent increase in wages, the proposition to be requested from the carriers to be in the form of improved rules and conditions of work.

The Western Association of general committees of the Order of Railway Conductors and the Brotherhood of Railroad Trainmen completed its annual convention today at the St. James Hotel, which convention, lasting seven days, held. The meetings of the last days were attended by W. G. Grand president of the Brotherhood of Railroad Trainmen and A. R. O'Connell, grand president of the Order of Railway Conductors.

The conclusions reached at the convention will be submitted to the vote of 20,000 conductors and trainmen. The carriers affected are of the United States and Canada, and including the Illinois Central, vote will be taken in the next ten or fifteen days. Ninety-six chairmen of general committees representing all western lines, participated in the discussions.

If the conductors and trainmen vote at the referendum, the matter will be referred to the Western Association, representing all the western railroads, officers of both unions. The proposition will be submitted to the carriers in thirty or forty days.

Messrs. Garretson and Lee, as well as the general chairman were pledged to secrecy regarding the action taken by the Western Association. It was added that no announcement should be made, but that the proposition should be referred to the men and as soon possible to the railroads.

"We are restrained from making a statement," said Mr. Lee. "We want the proposition to be made a publicity prior to its submission to railroads, as any other course would constitute a breach of courtesy. I at liberty to say merely that the proposition will be referred to the men in accordance with our rules, in ten or fifteen days, and if approved, will be submitted in the thirty or forty days to the general managers. Whatever the conductors ask, the union will stand behind it."

It was ascertained from most reliable sources that the unions will urge carriers to give the conductors a trainmen of freight trains an eight-hour day, instead of a ten-hour day, and put the conductors and trainmen passenger trains on the mileage basis of the monthly basis. These other desired changes in working rules and conditions will, it is explained, equivalent to an increase in pay of approximately 20 per cent.

It is not improbable that the conductors and trainmen will cooperate with what is known as the "Cedar Rapids plan," with the locomotive engineers, in their demand for a ten-hour day, and the conductors and trainmen passenger trains on the mileage basis of the monthly basis. These other desired changes in working rules and conditions will, it is explained, equivalent to an increase in pay of approximately 20 per cent.

President Taft as follows:"Timber interests in Montana, Idaho,
Oregon and Washington request that
I urge upon you the necessity of using
the National troops in these four
States to co-operate with the forest
service in fighting forest fires. A mil-
lion dollars in property is burning or
already destroyed. The season is un-
usually dry and fires are raging in
many local places. I indorse this re-

yesterday to D. P. Simons, Chief Fire
Warden of the Washington Forest Fire
Association, stated that he has in-
structed his forces in the Northwest to
assist in keeping down forest fires. The
telegram was in response to one sent
by Simons to Hill requesting that rail-
road officials co-operate in fighting
fires in this State.Northern Pacific employees in the
Northwest are rendering similar as-
sistance. The forest fires now burning
are local in character, starting chiefly
from dry slashings. The damage by
standing timber so far is less than to
isolated mills and settlements.

friends in attendance, the eleventh an-
nual convention of the United German
Catholic societies of California opened
here today for a three days' session.A parade, reception, three religious
services, baseball game and meet-
ings of the convention completed the
day's programme.The two special trains which arrived
here at 9 o'clock this morning bearing
the delegations from San Francisco,
Sacramento, Oakland and other north-
ern points, were met by the members
of the local societies and in a parade
headed by four bands the visitors were
marched to St. Mary's Church
through streets gaily decorated in
their honor.

RECEPTION AT CHURCH.

At the church a reception was held
at which President of the Day M.
Schirle, Mayor Davidson and Rev. W.
Melchers, S. J., pastor of St. Mary's,
welcomed the visitors.This was followed by a solemn high
mass, celebrated at 10:30 o'clock by
Very Rev. Maximilian Neuman, O. F. M.,
assisted by half a dozen other promi-
nent clergymen. Rev. Joseph Offer-
geld, S. J., a German missionary,
preaching.For those who were unable to crowd
into the church, another mass was
celebrated in the garden of the Notre
Dame Institute, next door. Rev. J.
von Engelstein, S. J., was celebrant.A meeting of the delegates was held
at 2 o'clock, when the programme of
the convention was mapped out and a
baseball game furnished entertain-
ment for many. The contest was held
between teams from the San Jose and
Sacramento societies. Following religious
services at 7 o'clock a mass meeting
was held in St. Mary's large hall. Rev.
W. Melcher and Prof. M. A. Centner of
San Francisco were the principal
speakers, talking upon the social prob-
lem and education, respectively.President of the Day Schirle, Presi-

line in San Mateo county.Miss Gaffney, in the company of
C. M. Johnson, Miss Helen Thomas,
Miss Kathleen Ford, Miss Vera
Schultz and Forrest McDonald, all of
San Francisco, had started down the
peninsula in the big touring car on
their way to San Jose. The car, which
they entered into a race with another
machine, which carried Chief of Po-
lice Martin and his wife. The chauff-
eur tried to dodge a car a short dis-
tance in front of him, and the car
skidded, the rear end of it crashing
against a tree, by the side of the road.Miss Gaffney, who was about to
jump, was pitched to the ground, the
machine crushing her skull.Miss Ford and Miss Thomas, with
Johnson and McDonald, were thrown
to the opposite side against a fence.
Miss Schultz and the chauffeur were
thrown forward against the wheels and
shield. Miss Schultz was badly cut
about the face and head and Compton
sustained the fracture of three ribs.McDonald is the most seriously hurt.
Besides an injury to his spine, he is
suffering internally and may die.Johnson and the other two girls re-
ceived many cuts and bruises.

EXTREME CRUELTY.

[BY DIRECT WIRE TO THE TIMES.]
RENO (Nev.), Aug. 7.—[Exclusive
Dispatch.] Anna E. Cooley was
granted a divorce from Edward Cooley
by Judge Orr Saturday for extreme
cruelty. The couple were married at
Oakland, Cal., February 2, 1909. Since
the 4th of that month they have
lived in Nevada, coming to Carson
City first. The plaintiff testified her
husband threatened her life with a
gun and that he threw glassware at
her. The plaintiff was allowed to take
back her maiden name of Markley.
She said he was of a jealous, irritable
disposition, high-tempered and seemed
not to care what he did to her; that
his acts of abuse were becoming more
frequent when she was compelled to
leave him and health by leaving
him. No children are mentioned and
the husband did not offer any contest

Four Rescued from Drowning.

SAN FRANCISCO, Aug. 7.—Four
boys were rescued from drowning in
the bay yesterday afternoon, being
taken from the water just as they
were about to sink. Their names are
Frank Williams, Frank Mazzola, Vic-
tor Lazzari and Louis Sprucola. The
rescue was effected by First Mate
Newson of the ferry steamer Cana-
daro.

PETALUMA (Cal.), Aug. 7.—Claire
Patton, aged 17, and Carl Carter, 12,
were drowned in Petaluma Creek to-
day when the boat in which they had
embarked on a pleasure jaunt over-
turned. Both bodies were recovered.
The boys started out near the railroad
bridge which crosses the creek, but
lost control of their boat, and were
thrown into the water. They sank
before assistance could reach them.

W. O. Baxter.

who died yesterday in Santa Monica.

He was a soldier in Col. Stephenson's

regiment, stationed in Los Angeles in the early days.

ANGEL CALLS.

SAW SERVICE

IN EARLY DAYS.

W. O. BAXTER, ARMY VETERAN,

ANSWERS SUMMONS.

Came to California by Ship With

Col. Stephenson's Command and Was Stationed on Historic Fort Hill.

Was One of First Settlers of Santa Monica.

Sixty-two years a resident of Southern California and identified during

that period in military, mining and real estate circles, W. O. Baxter, died at his home in Santa Monica yesterday afternoon.

Mr. Baxter was 83 years old and enjoyed excellent health until he retired from active life about ten months ago.

After his retirement his health failed rapidly and the family and his friends knew that the end was not far off.

In late years Mr. Baxter conducted a real estate business. He was born in Buckinghamshire, Eng., in 1827 and came to America when a boy, settling in Vermont. Enlisting in the army he came to California with Col. J. D. Stephenson's command, the trip being made in a ship around South America.

The regiment was stationed on Fort Hill, now over the North Broadway tunnel. Mr. Baxter often took part of participating in flag-raising ceremonies during the early days.

He served his term of enlistment and later when the discovery of gold was made in California and Nevada he became a miner. After spending several months in American mines he sailed to Australia and later to New Zealand. On his return he spent some time in British Columbia.

Mr. Baxter was not given to telling of his experiences and only his most intimate friends heard from his own lips the tales of adventures met in the wilds of America and the Antipodes. In other respects he was not particularly reticent.

He was one of the early settlers of Santa Monica.

When not at his office he could almost always be found at his home. During the last few months of his life he rarely left the premises.

Mr. Baxter leaves four daughters, Alice, Florence, Grace and Frances, and one son.

Arrangements have not been completed for the funeral.

CAR FLIES FROM TRUCKS ROUNDING CURVE; TWO HURT.

PECULIAR ACCIDENT.

CAR No. 117 of the Los Angeles Inter-Urban Railway, northbound, was wrecked at the intersection of sixteenth and Hill streets in a peculiar manner, about midnight. Fortunately there were only four passengers in the car, two of whom were injured. They were removed to the California Hospital.

The injured were: E. W. Campbell, No. 212 West Fourth street, and a Mr. Brown, No. 207 Central avenue. Both were badly bruised and cut by flying glass.

It is believed that some part of the mechanism must have broken under the car, for as the latter started to round the curve, the trolley came off, and before the conductor could move to adjust it, the body, swung away from the trucks, and smashed into the curb. A tree and telephone pole helped to break the downward fall of the trucks, which struck the ground between the rails.

The main frame work of the car kept its shape, but the glass, and all the small bars of wood and steel crumpled like paper. The roof was thrown out of place, and the roof was pretty well crushed by the contact of the trolley staying straight through all the mix up, and lay out over the sidewalk. No reason for the breakage

could be given, as the car was not taking the curve at a high rate of speed.

The only passengers in the car were M. E. Burge of No. 1441 East Thirty-ninth street; J. J. Sweeney of Glendale, a guest at the Hollenbeck; Mr. Brown and Mr. Campbell.

Mr. Burge said he was sound asleep when the accident occurred, and awoke to find himself sitting on the motor-man. He had to be pulled out from beneath the debris. Mr. Campbell, who is the driver of the Anderson Campbell, grocers at No. 230 West Fourth street, was sitting in the rear of the car, and the full force of the shock was centered in a blow which he received on the shoulder, knocking him almost senseless. When his head cleared he found that his arm was bleeding profusely, having been badly cut by broken glass. After having his arm dressed at the California Hospital he was able to take home.

Mr. Brown was bruised, and he complained of a hurt that he could not locate. He said he thought he was internally injured, and decided to see his own physician. The other two men did not feel any the worse for the accident. The wreck was called out, and it was 1 o'clock before the north-bound beach train was able to pass.

The wrecked car, which was the motorman No. 1043 and conductor No. 98. They refused to give their names.

KETCHER'S BELT FOUND.

Championship Trophy is Located in Parcel Room of San Francisco Hostel.

BY DIRECT WIRE TO THE TIMES. SAN FRANCISCO, Aug. 7.—[Exclusive Dispatch.] After a search of six months' duration the diamond-studded belt that indicates that Stanley Ketcher is middleweight champion of the world has been found. The belt was discovered in the parcel-room of the St. Francis Hotel yesterday morning.

Ketcher lived at the St. Francis while he was in San Francisco six months ago, and claimed to have lost the belt. He reported the loss to the police department, and plain clothes men were assigned to the case. He also retained the services of an attorney in his efforts to locate the championship belt, but it was not found until yesterday.

Various reports were circulated with reference to the disappearance of the trophy. It was stated that Ketcher had pawned it, and it was also stated that he had presented it to a young woman admirer.

JOHN L. GETS TROPHY.

IS GIVEN FAMOUS GUN.

BY DIRECT WIRE TO THE TIMES. NEW YORK, Aug. 7.—[Exclusive Dispatch.] Sheriff Petre made good his promise to John L. Sullivan when he gave him some memento of the trophy. To-day he forwarded Sullivan a historic firearm in the form of the pistol used by Smiler Bill, the famous pioneer stage driver out of Virginia City during the noted Comstock early days. The old weapon, a rusty Smith & Wesson, it was the protection of the celebrated driver when he carried Horace Greely over the mountains on the famous pioneer trip in the coach.

DOROTHY, AN AMERICAN PRINCESS.

Miss Dorothy Deacon.

who was married on July 5 in London to Prince Albert Radzwill. Miss Deacon is the daughter of Edward Parker Deacon of Boston and is one of the best-known American girls in Rome and Paris, where she has lived with her mother, Mrs. Deacon, since the separation which preceded her father's sensational duel with a wealthy Frenchman. The members of the Deacon family all seem fated to figure in the public eye. Princess Radzwill's elder sister, Gladys, some years ago so charmed the German Crown Prince that it is said, he thought seriously of renouncing his right of succession, to marry her. Miss Dorothy's wedding was announced for June 29 but when the guests arrived at the church they learned that there had been a hitch in securing some necessary papers from Russia and that the ceremony had been postponed. Prince Radzwill belongs to a famous Polish family. His father was Court Marshal of the Ceremonies at St. Petersburg.

without knowing it, was a philosopher. The world is kind to the Salvation Army for the same reason. As the river runs together wide to the sea, and friendliness broadens into love, so the human drift toward piety and peace means evermore a larger content and an abounding delight, that the religion of Christ as a gospel is a matter of profound meaning.

"Where men sing 'Now stand up, ye men of grace,' they stand up from grace. The world is kind to the Salvation Army for the same reason. As the river runs together wide to the sea, and friendliness broadens into love, so the human drift toward piety and peace means evermore a larger content and an abounding delight, that the religion of Christ as a gospel is a matter of profound meaning.

"It is the purpose of the church to lift burdens. A church that has become a burden is a curse. It is not here to get anything, but to give. It is not here to be carried, but to carry. The present trouble in the world is a people against a burden and nothing else, and the tyranny of an ecclesiastical system with its dogmas and its rituals, over its door that it is not here to be a burden, but is here to lift. It is a must listen to the cry of socialists. It is against burden and for justice. What is this false idea of ownership? You say of something 'It is mine.' I will do with it as I please, but I say you own nothing; all you have you have taken from others. Every one stands on the shoulders of those below."

"Every one is a debtor. Don't kick the ladder with which you climbed. You are a steward and not a proprietor."

BRISTOW AND ROMAN LUXURY.
How Could He Expect Aldrich to Follow Mr. Adams's Example?
[Chicago Tribune.] The blinking spectacles of Senator Bristow, who is a sort of assistant watchdog of the Senate, caught Mr. Aldrich in the second attempt to work in an appropriation of \$1500 a year for a "trained masseur" for that body. This time the office was designated as an "attendant for the Senate bath."

He called attention to the fact that no less a personage than John Adams, when he was president, was not above going down to the Potomac when in need of a bath, and he added that the river had just as much and just as warm water now as then. In those days, Mr. Aldrich said, the river was fringed with willows, and Mr. Adams dressed and undressed in the shelter they afforded. But surely Mr. Bristow does not expect the Senators to follow Mr. Adams's example. Messrs. Aldrich and Nelson would not be safe in leaving their clothes on the bank. Some laundress would surely steal them.—[Chicago Tribune.]

The Absent-Minded Scotchman.
The Scotchman could not find his ticket. On the conductor's second round it was still missing. "What's that in your mouth?" he asked. Sure enough, there was the missing ticket. The conductor punched it and went back to his fellow-passengers' banter. "I'm nae an absent-minded as ye wad think. Ye was a vera auld ticket, and I was just sucken at the date."—[Success Magazine.]

Germes In Her System

Every Woman Should Read This Advice and the Generous Offer That Goes With It.

The number of diseases peculiar to women is such that you believe this space would hardly contain a mere mention of their names, and it is a fact that most of these diseases are of a catarrhal nature. A woman cannot be well if there is a trace of catarrh in her system.

Some women think there is no help for them. We positively declare this to be a mistaken idea. We are so sure of this that we offer to supply medicine absolutely free of all cost in every instance where it falls to give satisfaction, or does not substantiate our claims. With this understanding, no woman should hesitate to believe our honesty of purpose, or hesitate to put our claims to a test.

There is only one way to overcome catarrh. That way is through the blood. You may use all the poultices, douches or like remedies for years without getting more than temporary relief at best. Catarrh in general is a diseased condition of the system that shows locally most frequently in discharges from mucous membranes. Local treatment should be assisted by internal treatment for the general diseased condition if a complete cure is to be reached. That internal treatment should be scientifically devised and faithfully administered.

Rezall Muc-Tone is scientifically prepared from the prescription of an eminent physician, who for thirty years made catarrh his specialty. This remedy is admirably adapted to the treatment of the catarrhal ailments of women. It purifies and enriches the blood, tends to stop mucous discharges, aids in removing impurities from the system, soothes, heals and strengthens the mucous tissues, and brings about a feeling of health and strength.

We want you to try Rezall Muc-Tone on our guarantee. If you are not benefited, or for any reason not satisfied, simply tell us and we will hand back your money. Rezall Muc-Tone comes in two sizes, 50c and \$1.00. Remember, you can obtain Rezall Remedies only at The Oz Drug Co., Inc., Los Angeles, San Francisco, Oakland, Cal.; Seattle, Wash.; Portland, Or.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

PASADENA. PAY YOUR TAX; PREACHER SAYS.

DECLARES IT A CRIME TO SEEK TO EVADE IT.

"The World Owe no Man a Living," is a statement from the pulpit. Jungle Which Has Developed in City Park Causes Comment by Humanitarians—Regarding Little Zoo.

Office of The Times, No. 28 S. Raymond Ave.
PASADENA, Aug. 11.—Rev. Dr. W. H. Ostby of Philadelphia preached two sermons at the Pasadena Presbyterian Church yesterday. He has been engaged to preach two Sundays.

"The opponents of Jesus thought to kill Him and get Him to make false statements," said the preacher among other things, "but they were greatly surprised at the fairness of His judgment in all things. He told them to pay the taxes to Caesar that belonged to Caesar."

"I think we make a mistake when we say give our taxes to the government. We should say pay. It is for us to pay the government for its protection to us. It is not a tribute, but a debt that we owe and it should be paid willingly. It is a crime for any one to seek to evade his taxes, to render false statements regarding the amount of his property, because he owes to his government, to his city and to his State for the protection which he receives, and his taxes are a just and honest debt."

"The world owe no man a living. We owe the world far more than we can ever repay. The great opportunities which are given us, the sunlight, the air we breathe, are all privileges which we enjoy, and we can never repay anyone entirely for what we get. As we are made for work we are also made for play."

SUCH WICKED NEWSPAPERS!
I don't understand why our city papers cannot print feature headlines on their front pages, using the words of the gospel. They would rather fill up their front pages with a lot of hoodlum scum, murders and divorce scandal than they would to print sermons containing the teachings of the Bible," said Rev. Dr. L. Potter Hitchcock, pastor of the West Side Congregational Church, yesterday afternoon in his address before the Men's Club of the Y.M.C.A. at Library Park.

"And yet our papers pass themselves off as public educators," he said in part. "Some of them are educators—they are educators in criminology. They will use columns about injuries to the town by having chicken coops within a few feet of someone's back door, but when they print a sermon for church news they put it on an inside page or some out-of-the-way place."

"Many preachers want to get their names in print. They put the reporters and editors just to get their sermons mentioned in the papers. I do not believe in that, but when a sermon is preached with the words of the gospel, I think the papers should give it the place it deserves, not as a matter of notoriety, but for the good it may do."

"Dwight L. Moody, whose sermons were frequently reported and given in prominent position, once said, 'I crowd into my sermons just as much of the gospel as possible so that when they go into public print they are enunciations of the gospel rather than of what I myself had to say.' That seems to me to be the right way."

"My address today is based on the life of one man or rather on one sermon when Dwight L. Moody was folding one of his great revivals there. The Globe Democrat printed one of his great sermons and used big black headlines saying, 'How a Jailor in Philippi Got Caught.'"

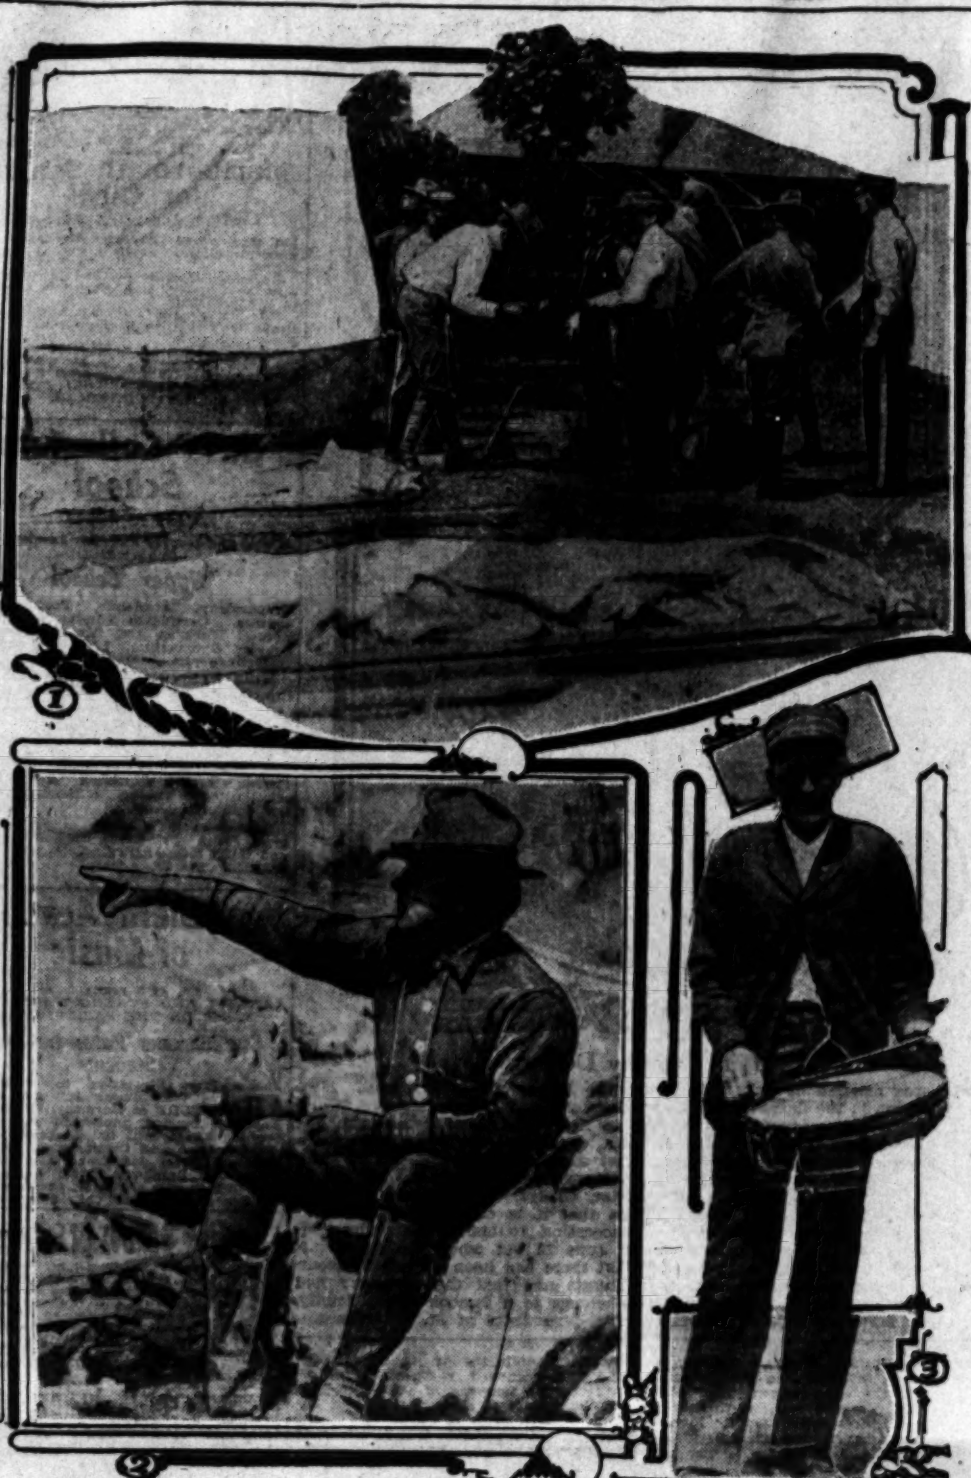

"A copy of that paper fell into the hands of a criminal who was in the jail named Burke. After several attempts to overlook the story he finally read it. He was so struck by the power of the message of the attractive headlines, that he turned to the man. Burke said, 'How a Jailor in Philippi Got Caught.'"

"Right here I want to say to you parents that unless you bring up your children to know and realize the power of the gospel, you are doing them a disservice. You are not doing them a disservice, but you are doing them a wrong. That is wrong and will not save them."

"It pays to be a Christian. Business men are finding out that it pays and it pays to employ men who are Christians. Manufacturers are finding out that it pays to hire Christian men to work in their shops. I do not mean that men should be hired on a basis of religion, but the real Christian man—the man who is every inch an officer of the law, the powerful man in the law, the man who is every inch a Christian man."

JUNGLE IN CITY.
There is much agitation among humanitarians and others as to whether the city's central park should be the scenic attractions of the city for the purpose of attracting visitors or not. At present the city manager consists of a few small monkeys, a raccoon, a bob-tailed wildcat, a parrot, a bald eagle, two foxes and a cage full of canary birds. The house of the Humane Society, the fauna of the park are not as well cared for as the flora, whereby hangs the tale. According to statements which have been pouring into the willow ear of Mayor Earley it seems animals do not get enough sunlight, are not properly fed, and the fountains are not running. The cages are kept in the east side of the park in the edge of what is familiarly called the jungle. Several are according to a statement of one of the old timers, who says he helped stake out the city's playground before Carmelita Gardens were rented, and that the jungle nature of the place have an attractive park. The park manager was instructed to get one of every kind of tree, bush or flower down to botanical science and plant them in long rows on the Raymond-vue side of the park. Nursery stock stated that many of the trees, especially those from the west, were from the Greenhouses of Chicago and New York. It was figured that the trees in Central Park would stay remain trim little bushes and could be living monuments to artistic landscaping of the city administration.

That the illustrated literature, including the enormous growth of the city, is not being maintained, is a fact that the lower birds have some sense that might be of use.

penetrates them and as a consequence it is believed that the animals most of whom were caught in the desert, are living lives of fear and trembling because of the great dense woods which surrounds them.

Many suggestions are made. Some are in favor of taking all the animals to the top of Mt. Lowe and turning them loose, while others want to divide them up among the officials of the Humane Society.

The latest suggestion to be made to Mayor Earley is to let matters rest until Clifford Pinch comes to town this fall and ask his advice on continuing the wild animals and the dense forests of Central Park. It is believed by many that if the trees are allowed to continue their growth in their trunks can be sawed into lumber which would be very valuable.

AVAILON.
Midsummer Gayeties on the Island. Dinner Parties Add to the Social Whirl.

AVAILON, Aug. 7.—Week-end visitors have filled every nook and corner of Availon. There were many gay parties at the Metropole Hotel last evening.

One feature was a dinner dance given by Mrs. Adelaide Cahen at the Metropole to thirty or more young people for her daughters, Misses Gladys and Melaine Cahen. Covers were laid for Mrs. Cahen, Misses Ruth Holmes, Ruth Grant, Gladys Lindsay, Ruth Collins, Gladys Cahen, Leigh Whittemore, May Hamilton, Marie McClure, Olive Erdt, Isabel Morse, Mildred Hunter, Maybelle Barlow, Ada Seely, June Whittemore, Melaine Cahen and Hazel Barlow, and Fred Brainerd.

Midsummer, Albert Scholl, David Schindler, Wakeman Vickery, Nathan Bradford, Willis and Louise Roy, Alvin Tudor, Teeterman, Roy Bayly, Dr. E. M. Cahen, J. B. Whittemore and Kenyon Lee.

Miss Amy Bush was hostess at a dinner given in honor of Miss Louise Hunt, daughter of Mr. and Mrs. Sumner P. Hunt of Los Angeles. Miss Ballard, Miss Juliette Rollett, Miss Anita Thomas, Miss Clarissa Stevens and her escorts were the guests.

Mrs. W. J. Chickester and her daughter, Miss Katherine, are spending a few days at the Metropole. Mrs. Chickester will sail for Europe next month and will return in Switzerland for a year where she will place her daughter in school.

A delightful club of young girls from Hollywood with the mystic name of "Um Zoo Wees" has been enjoying a house party at a cottage on Clarissa avenue, under the chaperonage of Mr. and Mrs. John C. Richardson. The club includes Mildred Isaacs, Florence Isaacs, Irene Combe, Lillian and Irene Brown, Ruth Brown, Ruth Brown, Phyllis Richardson. This club was formed at the home of Mrs. C. F. Jones of Hollywood who is known as the mother of the organization.

Friday evening Mr. and Mrs. John Combe gave a dinner at the Metropole in compliment to the "Um Zoo Wees." Covers were laid for twenty-six and those present besides the club members and their chaperones, were Mr. and Mrs. E. K. Isaacs, Mr. and Mrs. George Mansfield, Mrs. Florence Spencer and son, Ferdinand Grace and Fred Richardson.

Last evening Mrs. Jones gave a dinner at the hotel to the club members and their chaperones.

LONG BEACH. AUTO TURTLES, HURTS TWO.

RESULT OF SPEEDING IN EARLY MORNING.

While Returning from Alamitos Bay Driver Tries to Avoid Another Machine—Occupants Land Underneath Heavy Car—Escape from More Serious Injuries Is Wonderful.

LONG BEACH, Aug. 7.—A large Cadillac touring car, going at high speed, and occupied by six well-known young men of this city, was wrecked when it turned turtle on Ocean avenue at about 2:30 o'clock this morning.

Clement Nadeau, prominent young society man, one of the occupants, lies in the Seaside Hospital with a fractured collar bone. The other members of the party were Dick Bixby, Homer Lockhart, E. Riggs, A. A. Vivian, chief clerk of Hotel Virginia, and the driver, Jack Flitt. They were only slightly bruised, with the exception of Vivian, who sustained a fractured bone in the arm.

The auto belonged to L. W. Baughman of Pomona, who has been visiting here a week. He has been keeping his machine at the City Garage. The proprietors say that the auto was taken out last night at a late hour without the knowledge or consent of the owner. The damage will amount to about \$200, which will be paid by the driver, it is said.

The party was returning from Alamitos Bay, and the accident occurred at a point where the avenue curves and intersects Alamitos avenue. While turning the curve and trying to avoid another machine driven by Jack Pettibone, the Cadillac made a double skid, rolled over twice and landed bottom up. The occupants landed underneath the heavy car, and their escape is considered in the same class as things miraculous. The strong top of the machine is all that saved their lives.

The front part of the vehicle was smashed, two of the tires were torn off, fenders were twisted and lights broken.

Pettibone, who works at the Pacific garage, hauled the wrecked auto to the street in front of that place soon after the accident. Many people have been viewing it today.

WOODMEN ENJOY BREAKERS.
While this has been designated as a day of rest with the Modern Woodmen camps now in annual session here, much activity has been evident. Early this morning the men rose from their cots in the clean white tent city called Camp Mitchell, and soon many of them were playing "spikah me" among the rolling breakers on the sand.

The large information booth on the land end of the pier was constructed last night and this morning early the attendants, G. W. Hamlin, Secretary J. L. Taylor, and assistants began handing out information, together with the handsome programmes.

The total number of Woodmen, Roy and Neighbors and friends now in town is about three thousand, but on tomorrow it is expected that the number will grow to about 14,000.

Last night the First Methodist

Church was given over to the association, and the large buildings were almost entirely filled with Modern Woodmen and Royal Neighbors. The pastor, Rev. Will A. Betts, took as his subject the principles of brotherhood, based on the 13th Psalm. Mr. Betts, in opening, said:

"In the early dawn of human history God raised an ideal for the race, and each individual's attitude toward that ideal determines his measure of success in life. Abraham, was the first to comprehend that ideal, when he came to that place of contention between the Christian Church and the Christian Church of this city. The attitude of brotherhood toward the Christian Church of this city, which he announced the eternal principle that he who estimates life by what he can do for his neighbor, has found the way to success."

CHRISTIAN CONVENTION END.
"Paradise Regained" was the closing address of the Christian convention which came to an end here tonight. This address was delivered by Rev. Peter Ainales, and for strength and beauty will be memorable. The large municipal auditorium on the Strand was packed to its outer doors. The attendance is believed to have been 500.

Rev. F. M. Rogers, pastor of the Christian Church of this city, presided at this evening, in the absence of Rev. A. C. Smith, who, with his wife and son, departed this afternoon for San Francisco, where they will take a boat for Alaska.

This convention, which is the twenty-second annual event of the Southern California Christian Churches, is said by many of the old ministers to have been the most successful in every way. The attendance has been large each day since the opening of July 27. The total number of delegates from out of town was about 1,200.

A throng attended the morning services held at the auditorium today. It was given over in part to the raising of additional money for state work. Rev. F. M. Dowling solicited in behalf of the work, and was quite successful, raising a total amount of \$1800.

The Ontario Christian Church led the work, and the church members contributed with an offering of \$500. The total amount of money collected during the convention is \$13,246.22. This includes the \$500 gift of Dr. C. C. Chapman.

A committee composed of Mr. Barker, W. J. Conley and F. W. Emerson, representing the churches at large, conferred with a committee from the local church for the discussion of the best plan by which the money can be raised for the building of a new Christian church here. No definite action was taken.

NEWSTY HURT.
A machine driven by E. Hatch ran over Will Farmer, 8 years of age, late Saturday afternoon at the corner of Ocean and Pine avenues. The child was only slightly injured, though the heavy wheels passed over one of his legs. Young Hatch was not to blame for the accident, it is said, as he was going at very slow speed, but when he saw the boy in peril he failed to stop. The boy sells afternoon papers.

FIND MISSING WOMAN.
Mrs. William J. Sherriff, an aged and well-known woman residing at No. 1040 West Washington street, Los Angeles, caused her friends and relatives in this city much anxiety yesterday when she became lost from them for several hours. The husband was notified in the afternoon and he also became alarmed, making a hurry trip to Long Beach. But when he arrived

he found his wife at the home of a friend, Mrs. F. L. Bacon, No. 444 Pacific avenue. Mrs. Sherriff, who was in the city attending the Christian convention, is staying at No. 317 American avenue. Yesterday morning she attended services, and when she left the church at noon she dropped completely out of sight, and remained so until about 7 o'clock in the evening. The Police Department was not to work on the case, and late in the afternoon Desk Sergeant Gallimore telephoned to the husband asking if the wife had gone back to Los Angeles. Mr. Sherriff informed him that she had not, and suggested that as Mrs. Bacon was a close friend, she might be found there.

Mason Leonard, age eight, residing at No. 214 East Third street, was bitten by a neighbor's dog late yesterday afternoon. The wound is in the calf of the leg, and very painful. Dr. Wood, cauterized the wound. The dog was not suffering from rabies, but seized the boy when he attempted to molest a litter of the animal's pups.

The Salt Lake road has voluntarily reduced its rates for hauling lumber from East San Pedro to the local lumber yards. The reduction is from 4-1-2 cents to 2-1-2 cents.

The 8-year-old son of Rev. L. W. Kinkler, was injured this afternoon on the pier, when one of the large gates on the lower deck slammed shut and struck him. The injuries are painful, though no bones were broken. Rev. Mr. Kinkler, who is pastor of the South-Main street Christian Church in Los Angeles, is here attending the convention of the Christian churches.

MONROVIA.
POTATO MEN FELICITATE.
GROWERS OF SAN GABRIEL VALLEY FEAST.

Spud is King for the Day, Although Not "Among These Present"—Organization Has Shipped Five Hundred Carloads of the Tubers This Season—Figures on Profits.

MONROVIA, Aug. 7.—The San Gabriel Valley Potato Growers' Association celebrated by a barbecue yesterday the success of its first venture at cooperative marketing.

Long rude tables beneath the oak trees were laden with many distinctive dishes of the Southland but the meaty spud was not among those present. As Toastmaster V. E. Holsahan explained: "We've thought, walked and dreamed potatoes for months. We've worried and agonized over mile-long fields from the 4 a.m. gong till the cows came home at dark and all the time lived in the shadow of a possible total loss of labor and investment. So the spud's only function today is to feed the bills."

Guests at the barbecue were representatives of the California Vegetable Company with Mr. Cobb and M. A. Davis, and local citizens.

The association has shipped 500 carloads of potatoes for which members have been paid \$125,000. The union of producers was practically forced by fluctuating markets controlled by commission men and middlemen. The price of 40 cents per 100 pounds, prevailing when the harvesting of the crop first began, meant loss to every grower. The association organized at that time has averaged more than \$1 per 100 pounds, which means an increase of \$40,000 in total returns over the prices offered individual growers by buyers.

MOVE FOR BIG PIER.
Application to Be Presented to the City Council of Santa Monica for Immediate Improvement Project.

SANTA MONICA, Aug. 7.—At the meeting of the City Council on the evening of Monday, the 29th inst., the application of A. E. Fraser for a franchise for the construction of a concrete pier at Marine street and between that thoroughfare and Pier avenue, projected westward, will be presented. This is the first official step toward the creation of a monster amusement pier 250,000 square feet of foot space supported on reinforced concrete piles. The contract for the construction of the pier has been let in anticipation of the completion of the pier. This is to cost \$175,000. The other betterments that have been designed and for which plans are at this time being drawn will be part of the entire project above \$200,000.

WAVE ENGINE MODEL.
Work is progressing here on the installation of a working model of the Harmon wave engine, a concession for the location of a plant on the Marine street pier having been secured. The giant float, which is designed to catch the power of the moving waters, has reached the beach and will be suspended in the bridge just as soon as the supporting piles can be driven. This float which is in the shape of a star, is now on the pier, which is equipped with a universal joint. Through this mechanism every movement of the float is transmitted to a pump the purpose of which is to elevate the water to a height of 200 feet. Here the water is to be stored in reservoirs. Gravity will do the rest, an even power being secured by means of the stored water.

REDONDO BEACH.
REDONDO BEACH, Aug. 7.—Week-end guests at Hotel Redondo were: P. H. Hathorn and wife, M. McMahon, Paul Eagle, J. G. Ganahl, Fred Arnold, H. E. Boosinger, George McKinnin and wife, T. Sullivan and family, B. C. Smith and wife, Mr. and Mrs. E. F. Ganahl, Frank Bryson, A. M. Flynn, John A. Clifford, Los Angeles; Dr. F. M. Pottenger and wife, Monrovia; Miss Cushing, Miss Hick, Santa Barbara; Dr. Festal Crain, Dr. Crain, Redondo; John N. Craig, Coronado; and Mrs. James Martin, Altadena; Mrs. Brannon, Fred Brughart, Ramona; and Mrs. John P. Fisk and Miss Helen Fisk, Redondo; Mr. and Mrs. C. C. Burnett, Phoenix.

The ball game today between the Pioneer Truck team of Los Angeles and the home team resulted in a victory for the latter by a score of 5 to 3. First Baseman Sharkey of the locals made the most sensational catch ever made on the grounds, when he leaped nearly five feet into the air and speared Bouett's high throw to first. The batteries were Clark and Leahy for the visitors and Cummings and Schildwater for the home team. Cummings struck out twelve of the

visitors.

SAN DIEGO. CLUBS OPPOSED TO CITY PLANT.

San Diego, Aug. 7.—The city of San Diego is opposed to the proposed plant of the Southern California Edison Company in the city. The city council has passed a resolution opposing the plant, and the city has taken steps to prevent the company from building the plant. The company has offered to build the plant on a site in the city, but the city has refused to allow the plant to be built. The city has also taken steps to prevent the company from building the plant on a site in the city. PALO VERDE VALLEY. Twister Does Damage to Hay Stacks and to Some Poorly Constructed Buildings.

Palo Verde Valley, Aug. 7.—A high northeast wind of almost cyclonic proportions drove over this valley Wednesday afternoon, doing considerable damage to hay stacks and poorly constructed buildings. The wind was almost unroofed. A "whirl" led the van and the streams of dust and flying sand reminded one of the story book pictures of life on the Sahara Desert. The weather has been steadily hot several weeks. The temperatures have been higher than the average in summer months, 110 and 115 deg. Daily southwest winds make these temperatures very endurable. Threshing and other ranch work goes on as usual. The big break in the intake ditch of the Hyatt Water Company, caused by the encroachment of the river, will be mended by the 15th inst. Water has been shut off for two months. A new ditch, a mile and a half long, had to be constructed. Engineer J. H. Levering was in the valley this week posting legal notices of the coming trial between the State and the government over the Palo Verde Valley. The case to be tried was whether or not these lands are swamp and overflow. If they are proven to the settlers will lose. In best informed circles the settlers have little to fear, as Uncle Sam has these lands down on his book as agricultural lands. For nearly sixty years the government has administered upon them as if for homestead and desert entry lands, giving numerous patents to settlers. It is contended that the same lands cannot be "desert" and swamp and overflow at the same time. T. Myers has been busy this week piloting about the valley Messrs. Cheever and Jessup, government inspectors who are engaged in taking a birdseye view of the Palo Verde Valley to determine its character. They have found numerous old government stakes all over the valley, showing that it was a swamp in 1850-54.

DECIDES ON STRIP. Question of Ownership of Coachella Valley Land Adjudicated in Riverside County.

Riverside, Aug. 7.—The question of ownership of a disputed strip of land 165 feet in width and two miles in length, in one of the most fertile sections of the Coachella Valley, was decided by Judge Denmore yesterday, when he handed down an opinion in the case of O. C. Eberhart and L. C. Pfaffenberger vs. Fred Thayer. The decision was in favor of the defendant. This was one of five similar cases in the Superior Court, in which Eberhart and Pfaffenberger were the plaintiffs and the five property owners on the opposite side of the disputed line were the defendants. The property in question is in the cotton and cantaloupe belt. Judge Denmore's decision disposes of the five cases. MANY NEW HOMES. One new home started every day is the record of the last week in building lines. Permits were issued in that period for six new residences, including for County Recorder L. S. Logan, to cost \$2500 and one for M. J. Wade to cost \$3200, both in the rapidly developing Rubidoux Heights section. The permits issued for the year to date, reach a total of \$600,970.

Los Angeles School Honors a Worthy Name and Proves Valuable City Asset.

The Yale School of Los Angeles chose a good name when it opened nine years ago and it has since made a good name. The name was chosen in deference to the excellent and complete system of education which distinguishes Yale University and a similar standard has been maintained in this school. The Yale School is a home school for boys where they may have the discipline and training that are not possible in the home while enjoying all the legitimate pleasures and recreations of youth.

It is the type of school that present day civilization is looking to. In the days when health and brawn were natural conditions of a pioneer civilization schools were thought of as institutions of book lore. In modern days a highly developed civilization is looking back to the preservation of health and brawn. The school that aims to bring young men to a well rounded mental and physical development is the one parents are in search of.

The Yale School is located far enough from the center of town on the Second street car line to keep its pupils from the temptations of too close association with city life. There are many pleasant features of home life that there is little desire on the part of pupils to get away. Home visits during the school terms are discouraged by the management and an excellent discipline is maintained in this way.

The Nicholas Nickleby days of boys' schools are fortunately past and the boys are given plenty of substantial and reliable food which is held to be as much of a factor in making strong men as mental pabulum. Neither are the boys of this school made finkies and servants.

Thomas G. Adams, the head master, is a Yale graduate and was formerly a player in the university teams. He is not only director of athletic sports in this school but is also the teacher of Greek and Latin, so that the emulation of pupils is not set more in one line than in the other. The boy who wins the honors here must read his Classics with as much facility as he kicks a goal.

The courses of the school are well rounded out in all directions. There are excellent laboratories for the sciences, the department and the modern languages are taught by competent teachers. Music is one of the attractive features of life at the institution and is under the supervision of F. N. Anderson, instructor in English and history. There are special teachers of instrumental music. Edwin H. Clark has been a student of the violin and cornet, W. S. Martin, piano and voice and C. S. De Lann, mandolin, guitar and banjo.

There are social features of school life which add to the many variations from routine. Receptions and entertainments are given under the direction of the faculty. Pupils are taken to church once on Sunday and are granted occasional permission to attend public amusements under the escort of a teacher.

The school provides vacation recreation for each of the boys as are given any reason to return to their homes. One of the masters takes a party on a boating or camping trip and a resident and has been purchased at Corona Del Mar for a summer naval camp. This camp has a fine clubhouse commanding a splendid view of the ocean and a big fireplace and comfortable veranda. There is a large boat house with dressing rooms and shower bath. The aquatic equipment consists of a gasoline launch, sail boat, row boats and two handsome four-oared racing barges. Daily instruction is to be given in shell rowing.

The Yale School offers one of the most attractive educational advantages in the West, and is one of the valuable assets of Los Angeles as a residential city. Students come from all parts of the Southwest to receive its advantages. It is a school that gives complete preparation for the work of the highest universities in the country.

COLLAPSES SUDDENLY.

Prominent Louisville Business Man, on Visit Here, Passes Away of Heart Trouble.

Weldon B. Gray, a prominent real estate dealer of Louisville, who has been in Los Angeles visiting his daughter, Mrs. W. J. Chichester, of No. 2666 Menlo avenue, died suddenly yesterday morning of heart trouble. He was 68 years old and had been comparatively in good health. With him at the time of his death were Mrs. Gray and a granddaughter, Katherine Chichester.

Mr. Gray came to Los Angeles about ten months ago for a rest, and intended to return to Kentucky within a short time. He is survived by a widow, one son, Angeloxus, a prominent Louisville business man, and two daughters, Mrs. Charles Jeffers of New York City, and Mrs. Chichester. The latter is the widow of the late Rev. Dr. W. J. Chichester, former pastor of the Immanuel Presbyterian Church.

Private services will be held at Mr. Chichester's residence this afternoon and he remains will then be sent to Louisville for interment.

WORKMEN ARE PATRIOTIC.
